The shot attempt screen

3. **Shot Attempts:** Tap the game screen at the position of all shot attempts, as soon as possible (**except when there is a foul on the shot**). Select either shot made (green) or shot missed (red) and the number of the player. The position of the screen tap will determine if a 2 or 3 pointer (note: the tap position must be in the correct half of the court that the team is scoring. If a shot is successful from over half way you must still tap in the front court).

4. **Foul:** Tap foul button on game screen (bottom middle) Select the number and team of the player who fouled. Then select Foul (normal), Technical, Unsportsmanlike or Disqualifying according to the referee’s call.

5. **Free Throws:** if a basket is scored, do this as usual (step 3 – and a two or three point make as appropriate. Missed shots can be ignored here), then for every Free Throw attempt, press the button labelled as such (for the appropriate team) and then select the appropriate made or missed row, and player accordingly.

6. **If you make a mistake:** There are two ways correct mistakes. (a) Tap on the undo button at the bottom of the game screen. This will remove the last event, and then re input the correct event.

(b) Tap on the **Event** button (bottom left of game screen). This will show you all the recent events recorded. Simply remove the wrong event, and add the correct event in the game screen. (these can be filtered to show only Fouls, Points and TimeOuts instead of all events)

If the score on the iPad is different from the scoreboard, and you believe the scoreboard is correct, you can add single points using the buttons at the bottom of this screen. To delete points you must remove an event.
